

## 2017 Results Summary for Nauru

This report provides an overview of the results achieved in Nauru in 2017 through SPC scientific and technical assistance. It includes results specific to Nauru and multi-country results, where initiatives involve Nauru and other Pacific Island Countries and Territories (PICTs). Results are reported against SPC's nine development objectives as outlined in the *Pacific Community Strategic Plan 2016-2020*.

This report should be read together with the 2017 Regional Results Summary.

**31 results**  
in  
**Nauru**

**3**  
country-specific  
**28**  
multi-country results

### 0 INSTANCES OF SUSTAINED IMPACT

Evidence of the difference SPC has made towards achieving PICTs' development objectives

### 11 CHANGES IN PRACTICE

Evidence of the effects of the application of acquired knowledge, skills, capacities, and changed attitudes on PICTs' individual or institutional performance

### 5 CHANGES IN ATTITUDE

Evidence of effectiveness of SPC's outputs and actions in changing PICTs' beliefs, opinions, motivations, intentions

### 2 CHANGES IN KNOWLEDGE

Evidence of effectiveness of SPC's outputs and actions in increasing PICTs' knowledge, skills, capacities, awareness

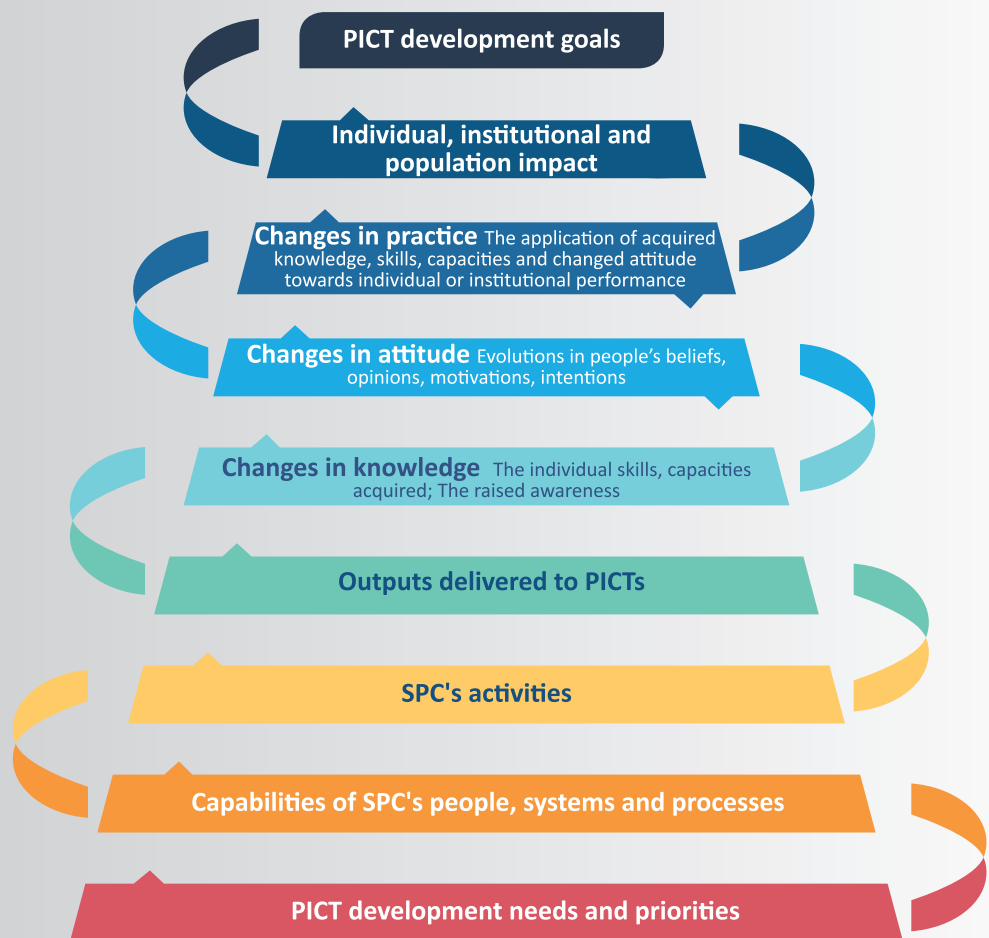

### 13 OUTPUTS

Evidence of relevance of SPC scientific and technical assistance provided to PICTs

## Pacific Community Results Hierarchy

Results are described as dynamic change processes in PICTS along a non-linear hierarchy. The hierarchy shows how SPC responds to PICT development needs and priorities with appropriate capabilities to deliver outputs to PICTs (i.e. goods and services) to achieve changes in knowledge, attitude and practice, and where sustained over time, impact at the individual, institutional and population level. Ultimately the change pathway contribute to the three development goals of the *Pacific Community Strategic Plan 2016-2020*.

## Sustainable Development Goals

The report also shows specific areas of synergy between the 17 Sustainable Development Goals and SPC's nine development objectives.

## 2017 Results Summary for Nauru

Result description	Result level	Result type	PICTS
 <p><b>Strengthen sustainable management of natural resources (fisheries, forestry, land use, agriculture, minerals, water)</b></p>			
<b>Fisheries</b>			
Tails app used in 4 new PICTs, bringing the total to 9 PICTs by end of 2017. Fisheries staff trained in Cook Islands, Fiji, Niue, Tonga and Vanuatu. 8525 trips entered using Tails in 2017 (only 803 entered from paper)	CHANGE IN PRACTICE	Knowledge integration informing practice	Cook Islands, Fiji, <b>Nauru</b> , Niue, Samoa, Tokelau, Tonga, Tuvalu, Vanuatu
			
1140 observer trips were processed by SPC from 14 PICT observer programmes and regional arrangements (FSM Arrangement and US Treaty)	OUTPUT	Knowledge building, e.g. data collection and mapping	Cook Islands, Federated States of Micronesia, Fiji, French Polynesia, Kiribati, Marshall Islands, <b>Nauru</b> , New Caledonia, Palau, Papua New Guinea, Solomon Islands, Tonga, Tuvalu, Vanuatu
			
Summary of tuna stock status and national implications provided to 14 PICTs	OUTPUT	Knowledge building, e.g. assessment and analysis	Cook Islands, Fiji, French Polynesia, Kiribati, Marshall Islands, <b>Nauru</b> , New Caledonia, Palau, Papua New Guinea, Samoa, Solomon Islands, Tokelau, Tonga, Vanuatu
			
National level analysis on purse-seine fishing during FAD closure periods provided to 9 PICTs	OUTPUT	Knowledge building, e.g. assessment and analysis	Cook Islands, Federated States of Micronesia, Kiribati, Marshall Islands, <b>Nauru</b> , Papua New Guinea, Solomon Islands, Tokelau, Tuvalu
			
Information on seasonality and value of target tuna and important bycatch species in the longline fishery within PICT EEZs provided to 7 PICTs	OUTPUT	Knowledge building, e.g. assessment and analysis	American Samoa, Kiribati, <b>Nauru</b> , Niue, Samoa, Tokelau, Tuvalu
			
A resource for accessing commercial fisheries data and plots provided to 9 PICTs	OUTPUT	Systems building, e.g. app/programme development	Cook Islands, Federated States of Micronesia, Fiji, Kiribati, Marshall Islands, <b>Nauru</b> , Niue, Palau, Papua New Guinea
			

Result description	Result level	Result type	PICTS
 <b>Strengthen sustainable transport and energy security</b>			
Preparation of a national Search and Rescue plan to be tabled at the National Search and Rescue Committee (NSARC)	CHANGE IN PRACTICE	Knowledge integration informing practice	Nauru
			
Compliance audits completed to ensure minimal standards are met by national maritime bodies, such as Maritime Designated Authority audit, International Ship and Port Security audit, Standards of Training, Certification and Watchkeeping for Seafarers (STCW) audit for administration and Maritime Training Institutes (MTI)	OUTPUT	Knowledge building, e.g. advice, review, analysis, audit	Kiribati, Nauru, Niue, Tuvalu
			
 <b>Strengthen access to and use of development statistics in policy development and monitoring progress</b>			
Training for selected PICTs on the development of national CRVS plans. All countries developed a draft CRVS plan	CHANGE IN KNOWLEDGE	Increased knowledge	American Samoa, Cook Islands, Nauru, Niue, Tokelau, Tuvalu
			
 <b>Improve multi-sectoral responses to climate change and disasters</b>			
More than 1800 tide calendars printed and distributed to 14 PICTs, where they are being used by National Meteorological Services to provide public early warning of king tides and inundation events, and by tourism operators, fishers, shipping companies, and others for monitoring/decision-making purposes related to ocean-based activities	CHANGE IN PRACTICE	Knowledge integration informing practice	Cook Islands, Federated States of Micronesia, Fiji, Kiribati, Marshall Islands, Nauru, Niue, Palau, Papua New Guinea, Samoa, Solomon Islands, Tonga, Tuvalu, Vanuatu
			
Ongoing maintenance and calibration of Pacific Sea Level Monitoring Stations	OUTPUT	Infrastructure assistance	Cook Islands, Federated States of Micronesia, Fiji, Kiribati, Marshall Islands, Nauru, Niue, Palau, Papua New Guinea, Samoa, Solomon Islands, Tonga, Tuvalu, Vanuatu
			

Result description	Result level	Result type	PICTS
New factsheets on Traditional Ocean Knowledge and Tide Datums, in response to Technical Coordination Committee requests	OUTPUT 	Knowledge building, e.g. survey, review, information, education, communication	Cook Islands, Federated States of Micronesia, Fiji, Kiribati, Marshall Islands, <b>Nauru</b> , Niue, Palau, Papua New Guinea, Samoa, Solomon Islands, Tonga, Tuvalu, Vanuatu
 <b>Advance social development through the promotion of human rights, gender equality, cultural diversity and opportunities for young people</b>			
Domestic violence or family protection legislation reviewed in 3 PICs	CHANGE IN PRACTICE 	Policy and legislation drafted or reviewed	Cook Islands, Federated States of Micronesia, <b>Nauru</b>
29 other policies reviewed in 9 PICs on youth, gender in education, culture, historic preservation, public sector training, child protection, national sustainable development strategy, rape and incest, trafficking, disability, age of marriage and national human rights institutions	CHANGE IN PRACTICE 	Policy and legislation drafted or reviewed	Federated States of Micronesia, Fiji, Kiribati, Marshall Islands, <b>Nauru</b> , Palau, Tonga, Tuvalu, Vanuatu
3 Family Law Bills enacted during 2017	CHANGE IN PRACTICE 	National and regional policy or frameworks adopted	Cook Islands, Federated States of Micronesia, <b>Nauru</b>
4 National Human Rights Institution scoping studies completed after requests from governments	CHANGE IN PRACTICE 	Strengthening governance structures and systems	Cook Islands, Federated States of Micronesia, Marshall Islands, <b>Nauru</b>
7 PICs reported an increase in women accessing emergency and support services, making complaints to the police, or applying for protection orders around domestic violence	CHANGE IN ATTITUDE 	Knowledge and agency to access justice	Federated States of Micronesia, Kiribati, Marshall Islands, <b>Nauru</b> , Solomon Islands, Tonga, Vanuatu
927 officials across 9 PICs received training on human rights or gender analysis; mentoring on technical review of policies or legislation; assistance for public consultations on policy or legislation; and strategic support and coordination for national human rights taskforces	OUTPUT 	Capacity development	Federated States of Micronesia, Kiribati, Marshall Islands, <b>Nauru</b> , Palau, Solomon Islands, Tonga, Tuvalu, Vanuatu

Result description	Result level	Result type	PICTS
 <b>Improve multi-sectoral responses to non communicable diseases and food security</b>			
Ban approved on a range of sugary products and enforcement demonstrated	CHANGE IN PRACTICE	Implementation of policies, legislation and initiatives	Nauru
			
Policy to ban a range of sugary products developed	CHANGE IN ATTITUDE	Development of policies and papers demonstrating change in attitude	Nauru
			
Pacific Monitoring Alliance for NCD Action (MANA) dashboards endorsed and use demonstrated	CHANGE IN PRACTICE	Implementation of policies, legislation and initiatives	French Polynesia, Nauru, Niue, Tonga, Wallis and Futuna
			
Awareness campaigns implemented, particularly for tobacco control, with resources and/or trained staff	CHANGE IN PRACTICE	Implementation of policies, legislation and initiatives	French Polynesia, Nauru, Wallis and Futuna
			
MANA dashboard developed and action committed to	CHANGE IN ATTITUDE	Change in attitude as a result of SPC support	French Polynesia, Nauru, New Caledonia, Niue, Tonga, Wallis and Futuna
			
National multi-sectoral NCD plans drafted	CHANGE IN ATTITUDE	Change in attitude as a result of SPC support	Kiribati, Nauru, Solomon Islands
			
Governments committed to address NCDs, and to develop and strengthen multi-sectoral NCD strategies and committee	CHANGE IN ATTITUDE	Commitment to action	Kiribati, Nauru, Niue, Solomon Islands
			
Survey on the status of diabetes' associations undertaken in 13 PICTs	OUTPUT	Knowledge building, e.g. survey, strategy	American Samoa, Cook Islands, Federated States of Micronesia, Fiji, French Polynesia, Guam, Marshall Islands, Nauru, Papua New Guinea, Samoa, Solomon Islands, Tonga, Vanuatu
			

Result description	Result level	Result type	PICTS
 <b>Strengthen regional public health surveillance and response</b>			
All PICTs entrusted to SPC for IATA training maintained their IATA certification (IATA training conducted in 3 PICTs in 2017)	CHANGE IN KNOWLEDGE	Increased knowledge	Kiribati, <b>Nauru</b> , Vanuatu
			
Laboratory quality management systems assessed	OUTPUT	Knowledge building, e.g. assessments	Kiribati, <b>Nauru</b>
			
Training on Laboratory Quality Management Systems conducted	OUTPUT	Capacity development, including training and mentoring	Kiribati, <b>Nauru</b>
			
 <b>Improve education quality</b>			
130 people trained in PILNA processes and procedures in 15 PICTs for PILNA trial. Engaging national PILNA counterparts in the processes and procedures strengthened knowledge and practice in preparation for actual PILNA administration in 2018	CHANGE IN PRACTICE	Skills transfer	Cook Islands, Federated States of Micronesia, Fiji, Kiribati, Marshall Islands, <b>Nauru</b> , Niue, Palau, Papua New Guinea, Samoa, Solomon Islands, Tokelau, Tonga, Tuvalu, Vanuatu
			
To raise awareness of effective data utilisation, a regional workshop was convened and attended by representatives of 15 PICTs and development partners (ADB, DFAT, PIFS, UNESCO, UNICEF, UIS, USP, World Bank). High levels of satisfaction were recorded during the post-summit evaluation.	OUTPUT	Knowledge building, e.g. meetings, assessment, analysis, information, education, communication	Cook Islands, Federated States of Micronesia, Fiji, Kiribati, Marshall Islands, <b>Nauru</b> , Niue, Palau, Papua New Guinea, Samoa, Solomon Islands, Tokelau, Tonga, Tuvalu, Vanuatu
